I am a Professional Makeup Artist, Hair stylist and Lash Artist with over 14 years experience in the makeup industry. I am a qualified assessor and moderator that offers personalised, makeup lesson services from start to finish.

Think about it, what better way to learn how to do your makeup than from the comfort of your own home and all you need is 90 minutes.

In your makeup lesson, I have laid out a basic step-by-step process I use to conduct makeup classes in my own business.

This easy step-by-step module is guaranteed to have you looking and feeling confident with your makeup application techniques as well as knowing what products will work for you personally.

No more buying the wrong makeup products. STOP wasting money on products that don't work for you and listening to bad advice from sales consultants.
